## EXPERIENCE\_

2023 - 2024

Content Writer - IOT Team

CSSL - NSBM

Handled IOT documents and handed them over with standard formats. Guided IOT teams to achieve their targets. Updated excel sheets with team information until the end of the competition.

2023 - 2023

1st Place - Project Plan

FOSS Community

Had the opportunity to come up with a project idea as a team. It was about a podcast named Dialectric. I had to write the contents of the project idea and after we presented it in front of the hall, we got the first place. Our idea became to life and now we have a website for it.
